

## Programme (Academic year 2015-16)

### Master in CHEMICAL ENGINEERING (2013)

#### First Course

CODE	SUBJECT	CREDITS	Semester
20695101	Advanced Transport Phenomena – in English	6	1
20695102	Advanced Thermodynamics and Molecular Simulation – in English	6	1
20695103	Advanced Separation Processes – in English	6	2
20695104	Reactor Engineering – in English	6	2
20695105	Product and Process Design I – in English	4,5	1
20695106	Product and Process Design II – in English	4,5	2
20695107	Advanced Control of Processes – in English	3	2
20695108	Management and Administration of Companies – in English	4,5	1
20695109	Auditing and Industrial Certification – in English	4,5	2
20695110	Industrial Leadership – in English	3	1
20695111	Managing Change – in English	3	2
20695201	Polymers – in English	3	1
20695202	Materials and Nanostructures – in English	3	1
20695203	Biomaterials – in English	3	2

#### Second Course

CODE	SUBJECT	CREDITS	Semester
20695401	Work Placement – in English	15	3
20695301	Final Master Project – in English	15	3

**Academic coordinator: Frank Stüber (Erasmus coordinator Allan Mackie)**
