### **Introduction**

Thank you for having been a mentor in this programme, we hope it met your expectations!

This has been a pilot non-academic mentoring programme in which we have paired you with early-stage researchers interested in professional opportunities beyond academia, to discuss about their competences, skills and career options.

We would be grateful if you give us your feedback by filling out this form. The survey is completely anonymous and you will not be required to submit any personal data about yourself.
