

## RESOLUTION

Considering the Resolution SLT / 2704/2021, of 2 September, extending and modifying public health measures to contain the epidemic outbreak of the COVID-19 pandemic in Catalonia (DOGC no. 8494, Sept. 3);

Considering the University Sector Plan for the 2021-22 academic year, drawn up by the Department of Research and Universities;

By virtue of the powers conferred on me by my position,

### RESOLUTION:

1. It returns to normal face-to-face and, therefore, enables full face-to-face activity, both for teaching and research staff (PDI) and for administration and services staff (PAS). The PDI must teach in person, with the exception of the cases provided for in the Contingency Plan for the 2021-22 academic year. In the case of the PAS, the General Manager is instructed to issue the appropriate instructions to articulate this authorization.
2. In the development of the theoretical activities, each center must organize the presence of the students so that in no case there is a simultaneous global occupation of more than 70% of the capacity of the spaces of the center where they develop teaching activities. It is recommended that a maximum attendance be established (100%) or as high as possible for first and second year students, and that this be progressively reduced in the following years, in order to meet the overall requirement of the 70% maximum simultaneous occupancy.
3. Practical and assessment activities must be face-to-face.
4. Students who carry out external internships must comply with the preventive requirements determined by each host center or institution before joining (for example: full vaccination schedule, weekly negative PCR, daily antigen test, etc.).
5. The use of the mask is mandatory at all times and in all the spaces of the University, except in situations and cases that exclude the instructions of the health authorities, as well as those provided for in the Contingency Plan 2021-22.

6. The General Manager is responsible for updating the Contingency Plan 2020-2021 for the 2021-22 academic year, which must be approved at the first session of the Governing Council for the 2021-22 academic year.
7. This resolution comes into force as from 4 September 2021 and will remain in force as long as the current measures taken by the health authorities for university education are maintained.

Tarragona, 3 September 2021
