

On 13 October, the Rector issued the resolution on the measures to be applied in academia during the current pandemic. This resolution, which remained in force until 30 October inclusive, envisaged the possibility of extending the measures implemented:

Considering the Agreement of the Interuniversity Council of Catalonia, of 28 October 2020, on measures to be implemented on university campuses to contain the index of contagion by COVID-19 which stipulates “during the month of November all teaching will be online with the only exception of practicals and assessment, which will be carried out under rigorous safety precautions” and “the measure is implemented for a period of 30 days to facilitate university governance and the stability of all teaching activity”.

Considering Resolution SLT/2700/2020, of 29 October, of the Department of Health, which extends and modifies the measures on public health to contain the resurgence of the COVID-19 pandemic in Catalonia published in the DOGC 8259, of 30 October 2020;

Hence, by virtue of the powers conferred on me by my position,

I RESOLVE

1. To extend and modify the resolution of 13 October 2020:

a) Like the agreement issued by the CIC on 28 October, this resolution will remain in force until 30 November 2020 and, if so determined by the health authorities, is also susceptible to being extended.

b) The resolution of 13 October 2020 is modified to comply with point 9 of Resolution SLT/2700/2020, of 29 October, in the following respects:

- The libraries of the URV campuses will be open for the sole purpose of borrowing documents.
- All URV sports facilities are to remain closed and all the sports activities and competitions organised by the University postponed.
